Dear Mr. McGee,
Could you please provide me with the name of the school where you teach and what teaching position you have.

Thank you for your response Sir,

The Parent and Teacher Organization will:

1. Serve as a middle ground between parents, teachers, and administrators to address concerns of either party or group, and to hopefully agree to consensus on how to solve such problems.
2. Serve as a platform in which parents can support the school by way of unified volunteer efforts, funding by way of fundraising efforts or donations, and providing moral support to teachers and administrators in a unified fashion.
3. For the record I will NOT reap any financial pay or reward from this organization.

The Booster Club will:

1. Serve as a support system for the school by way of fundraising in a unified fashion, but strictly dedicated to extra-curricular activities and programs.
2. For the record I will NOT reap any financial pay or reward from this organization.

Mr. McGee,

Before I submit your request, it would be best if you could explain in your request what each corporation would do, particularly in regards to your agency which

is the school.
